## **DETAILED ACTION**

This Office action is in response to applicant's amendment received on 15 August 2005.

### ***Allowable Subject Matter***

1. Claims 1-4, 8-10, 12, 15-23 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - Claims 1-4, 8-10, 12, 23 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a CMP slurry composition for oxide films that includes an  $\text{HXO}_n$  compound, wherein X is selected from the group consisting of fluorine (F) and bromine (Br) and n is an integer that ranges from 2 to 4, and wherein the CMP slurry composition has a pH that ranges from 2 to 5; and
  - Claims 15-22 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for forming a metal line contact plug of a semiconductor device that includes the step of

performing a CMP process on a silicon layer and on an interlayer insulating film until a hard mask nitride film is exposed, wherein the CMP slurry composition of claim 1 is used.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
